

UNIQA Mission Statement

Our identity

Our roots go back a long way: People have put their trust in us and insured themselves with us since 1811. Our mission has remained unchanged ever since then: **Risks that the individual cannot carry alone are spread across the shoulders of the community.** UNIQA is the custodian of this risk community and the core of what we do is to use this collective power to protect the individual.

Our vision

UNIQA is the promise for a better life.

We will be the **best service provider for safety, health and prevention** in people's lives.

Our mission: our currency is trust, more than ever!

As custodians of a community of about **17 million people in 17 European countries**, we offer private and corporate customers reliable and everyday services for a safe and healthy life. At the same time, we promote the **sustainable, responsible development of our society** and the **protection of our environment**.

This makes us, in times of uncertainty and global, socio-political and economic upheaval, more relevant than ever, and a **supportive partner**. Because what we sell to our 17 million customers is described by a single word: **trust!**

We employees in 17 European countries **are actively and powerfully shaping the future of UNIQA**. We share a passion for first-class service and our positive attitude in the world.
