

## Disclosure of donations and paid cooperation with non-profit organisations 2022

UNIQA has supported the Transparent Cooperation Initiative since the beginning of 2021 as a signatory and follows the Code for Transparent Cooperation between businesses and non-profit companies.

As a supporter of the Code, UNIQA has analysed the expenses for donations and paid cooperations in Austria for the financial year 2022 and published them in accordance with the requirements of the NPO Code.

The classification is made to the best of our knowledge of the statutes and corporate structures of the payment recipients. Legal entities that do not pursue charitable purposes are not included (e.g. sponsoring in the sports sector). Direct activities on the part of shareholders, such as those of UNIQA Versicherungsverein Privatstiftung, are also not included.
